

Delay Demand on Czar For German Mobilization

BERLIN, July 30.—Germany is prepared today to declare war upon Russia unless the Czar furnishes a satisfactory explanation of the mobilization of his troops along the frontier.

With the situation now in the hands of the general staff, there is an ominous silence about the foreign office today. It is evident that Germany is preparing for action rather than for further diplomatic negotiations.

STAFF ASKS DELAY.

It is learned on reliable authority that the Kaiser has not yet demanded an explanation from Russia. This demand is withheld, however, at the request of the general staff. It will probably go forward tomorrow. An unsatisfactory answer is expected. Anticipating this, the general staff desires more time in which to continue the partial mobilization of troops along the border.

Belief that the Czar will not be willing to make any explanation of his mobilization orders is increased today with reports of a battle between the Austrians and Servians at Foch, in which 1,000 men are reported to have been killed, as well as by reports of the occupation of Belgrade.

China Facing Revolution In Province of Hupeh

PEKING, July 30.—The government is seriously alarmed at reported revolutionary movements in the Hupeh province. Five distinct military uprisings are reported. Hupeh's population is approximately 70,000,000 and its central position with the republic makes any unrest menacing to President Yuan's dominance.

Tourists in a Wild Rush To Quit Austrian Towns

LONDON, July 30.—Hundreds of pleasure-seekers and tourists, among them scores of prominent Americans are fleeing in a panic from Carlsbad and points in Austria, according to reports reaching London today.

Wild scenes followed the first receipt of news at Carlsbad of the threatened war. Scores flocked to the railroad stations hardly waiting to pack their possessions. Railroad officials swamped and unable to control the crowd, asked aid of the police.

It was with the greatest difficulty that the train was made up. The crowd swarmed the tracks so thickly that the cars could not be moved without danger of running down many. Scores were left waiting on the platform when the first train pulled out.

War May Paralyze Coal Mining Industry Here

PITTSBURGH, July 30.—War in Europe—even a conflict confined to Austria-Hungary and Serbia—would threaten the mining industry in Pennsylvania and adjoining States if even a majority of the subjects of those countries likely to receive military call responded, according to figures given out today by leading Servians and Croats and the Austrian consul.

There are approximately 500,000 subjects of Emperor Franz Joseph in western Pennsylvania and four counties of West Virginia embraced by the Pittsburgh consulate. More than one-third are employed in the coal mines. It was estimated that those subject to military call are nearly all mine workers. Servians and Croats, while not so numerous, nevertheless might form an

GUARDSMEN PREPARE TO LEAVE FOR CAMP

First and Second Infantry to Spend Night at Chesapeake Beach Before Sailing.

This is get-away day for the District National Guardsmen, who are going into camp near Virginia Beach. The first and second infantry will camp overnight at Chesapeake Beach, and be ready early to board the seamer Dreamland there for Norfolk.

The first infantry will march to the intersection of Ninth street and New York avenue, where they will board special cars leaving at 7:30 for the District line. On arrival there they will immediately entrain for the hour's ride to Chesapeake Beach.

The second infantry will leave Ninth street and New York avenue at 9:15, and another special train will be awaiting them.

The first separate battalion will leave Ninth street and New York avenue at 5:30 o'clock tomorrow morning. Brig. Gen. George H. Harbes, his aide, Herbert Harries, and other brigade officers will leave this evening on the Norfolk and Washington steamer Southland for Norfolk, going from there to the camp ground. This was made necessary because the force to go into camp exceeded expectations, and the steamer Dreamland will not carry the full force. Steamboat inspectors have set 1,600 men as the maximum that the Dreamland will be permitted to carry on the lower bay.

PSHAW! SUFFRAGIST KISSES ONLY CANDY

Confection Not Affection, Kind To Be Sold for Benefit of Campaign Fund.

Psahw! What a disappointment! The kisses to be sold by pretty Washington girls in the cause of suffrage are to be minus "psychology." They are not the "psychological" type of osculation at all that Washington masculinity anticipated.

The "kisses" to be put on sale for the benefit of the suffrage campaign fund are articles—bonbons of the regular confection (not affection) variety.

The disappointing announcement was made at suffrage headquarters today that "sure-enough kisses" would not be peddled, as had been hoped, but that the suffrage workers would market candy "kisses." Psahw!

One of Washington's financial institutions has agreed to be guardian of the suffrage "melting pot." The Munsey Trust Company will see that the precious "kiss" is carefully guarded while it is not receiving contributions. Mrs. Antoinette Funk, vice chairman of the National Congressional Committee, will receive the gold and silver trinkets donated by the women of the District, which turned into cash will swell the \$50,000 fund for the suffrage campaign.

The trinkets must all be collected by August 15. During the week ending on that day they will be displayed in some shop window, probably on F street. An attractive member of the Washington Women Suffrage Council will preside over the window each day and deliver a voiceless speech, giving in brief the arguments for woman suffrage.

The Suffrage Council has another plan for raising money during the week ending on August 15. This was announced today by Mrs. George Alexander Moschert, who is the chairman of the suffrage day committee. A platform will be built in some place centrally located and open air dances will be held there every night. A small admission will be charged and soft drinks and the popular suffragette kisses will be on sale.

Wagon Runs Over Boy.

Raymond Sullivan, six years old, of 506 Virginia avenue southeast, was knocked down and run over by a wagon driven by Joseph Green, of 321 I street southeast, while playing in the street in front of his home this afternoon. The child was injured about the head and body. He was taken to Casualty Hospital.
